                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

| <p><b>763 2001 Damenbesuch</b><br/>Wir erleben einen heiteren Film, der uns in die Slapstickzeit des Stummfilms entführt und eine komödiantisch umwerfende Story um eine Dame, einen Torte und einen Ritter erzählt. Die Elemente sind bekannt, doch ein prächtiger Komödiant, das rasante Tempo und die herrlich absurden Einfälle lösen unweigerlich unser beifälliges Lachen aus.</p> <p><b>764 2001 Plastpappan</b><br/><i>Der Surrogatvater</i></p> <p><b>765 2001 Tu ne pêcheras point</b><br/><i>Du sollst nicht angeln</i><br/>Zwei Angler befinden sich in einem seltsamen Ort auf Fischfang</p> <p><b>766 2001 Console Moi</b><br/><i>Videospiel "Tröste mich"</i><br/>Gérard hat sich so leidenschaftlich in Videospiele vertieft, dass er seine Umwelt vergisst und vor allem seine Freundin vernachlässigt.</p> <p><b>769 2001 Regardez vivre le Martin-Pêcheur</b> <b>Staffe Francis</b><br/><i>Das Leben des Eisvogels</i><br/>Ein Dokumentarfilm über das Verhalten eines Eisvogelpaares das sich in der Umgebung eines fischreichen Flusses niederlässt. Daraus folgt ein Ritual um ihre Allianz zu einem guten Abschluss zu bringen.</p> <p><b>770 2001 Mijn eerste Sjeekspier</b><br/><i>Mein erster Shakespeare</i><br/>Eines Tages kommt der 7-jährige Han nach Hause und hört er wie seine Eltern sich streiten. Er versteckt sich und findet ein altes Buch mit Geschichten von Shakespeare. Er fängt an zu lesen und stellt fest dass diese peinliche Geschichte seiner Situation ähnelt. Als ein Stiefvater die Ruhe der Familie stört, schmiedet Han Pläne um seinen Stiefvater zu ermorden. Dieser Gedanken findet sich gleichfalls bei Shakespeares Hamlet. Nach einem misslungenen Attentat sieht Han ein dass er zu weit gegangen ist. Er hat sich von seiner Phantasie mitreissen lassen. Er widersetzt sich seiner Phantasie, aber sie bekommt leicht die Oberhand.</p> <p><b>773 2001 Sinama Sag</b></p> <p><b>778 2001 Claslosc Parkow</b><br/><i>Die Parkfolge</i><br/>Das Drehbuch nach Erzählung von Julio Cortazar über Liebe, Leidenschaft und Gewalt. Ein Mann, der ein Buch liest, merkt, dass die Geschichte über ihm, seiner junge Frau und ihrem Liebbling ist. Keiner kann jetzt schon feststellen, was die Wahrheit oder die Anschauung ist, und ob es wirklich zu einem Gewalt gekommen ist... Ein "One-Take" Film.</p> <p><b>783 2001 Dancing</b><br/>Wie kommt es, dass zu einem Zeitpunkt die Erinnerungen schwerer wiegen können als das wahre Leben?</p> <p><b>786 2001 The Good, The Bad And The Ugly</b> <b>Karas Vít</b><br/>Spaghetti Western für die, die Englisch sprechen können.</p> | <p><b>Krause Pierre M.</b><br/><i>Visite d'une dame</i><br/>Nous vivons un film joyeux, qui nous entraîne au temps du „Slapstick" des films muets et raconte une histoire renversante d'une dame, d'une tarte et d'un chevalier. Les éléments sont connus, mais un excellent comédien, le tempo rapide et les idées extraordinaire-ment absurdes déclenchent immanquablement nos rires approbateurs.</p> <p><b>Engström Micke</b><br/><i>Succédané père (beau-père)</i></p> <p><b>Muller Henri</b><br/><br/>Deux pêcheurs essaient de taquiner le poisson dans un endroit étrange.</p> <p><b>Foucherot Rémy</b><br/><br/>Gérard est tellement passionné de jeux-véo qu'il en est venu à ignorer tout ce qui se passe autour de lui et à négliger sa petite amie Aline.</p> <p><b>Boswell Douglas</b><br/><i>Mon premier Shakespeare</i><br/>Un beau jour, Han, un jeune garçon de 7 ans, arrive à la maison et entend ses parents se disputer. Il se cache et trouve un vieux livre avec les histoires de Shakespeare. Han commence à lire une de ces histoires et constate très vite quelque ressemblances frappants avec la situation à la maison. Lorsqu'un beau-père vient remplacer son père, la comparaison devient complète, et Han commence à planifier la liquidation de son beau-père, aussi comme dans le livre. Après un attentat échoué, il se réalise qu'il est allé trop loin dans sa fantaisie. A partir de ce moment il essaye de résister à cette fantaisie, mais elle lui convaincre à nouveau assez vite, et cette fois ça tourne mal.</p> <p><b>Ahmadlou Shahed</b></p> <p><b>Siwek Marta &amp; Maciej Dominlak</b><br/><i>Continuity of park</i><br/>The screenplay is based on the story by Julio Cortazar about passion, betrayal and crime. A man reads a book in his room. Suddenly he finds that the story is about him, his much younger wife and her lover. Nobody can distinguish now what is the truth and what is the dream and if the crime was really committed... This film is made in one take.</p> <p><b>Let's do it</b><br/>Qu'est-ce qui fait qu'à un moment donné, les souvenirs puissent peser plus que la vie réelle?</p> <p><b>Spaghetti western for those who can speak English</b></p> | <p><b>DEU VHS 10 f</b><br/><i>Lady visitor</i><br/>We experience an amusing film which transports us back to the slapstick era of silent movies and tells a stunningly funny tale about a lady, a cake and a knight.<br/>The elements are well-known, the fast pace and the marvellously absurd ideas automatically cause us to laugh.</p> <p><b>SWE VHS 21 f 5S</b><br/><i>The surrogate father (mock-dad)</i></p> <p><b>FRA VHS 4 a</b><br/><i>Thou shalt not fish</i><br/>Two anglers are trying to catch some fish in a rather strange place.</p> <p><b>FRA VHS 18 f 5S</b><br/><i>For love of the game</i><br/>Gérard no longer takes any interest in life except video games. Even his girlfriend Aline is now absent from his mind...Can we really see.</p> <p><b>BEL VHS 4 d 6B</b><br/><i>The kingfisher's life</i><br/>A document about the behaviour of a kingfisher couple deciding to settle along non polluted water abounding in fish.<br/>Follows a ritual to bring their allance to a favourable ending.</p> <p><b>BEL VHS 15 f 5G</b><br/><i>My first Shakespeare</i><br/>On a beautiful day the 7 year-old Han comes home from school and finds his parents quarrelling. He hides and finds an old storybook with tales from Shakespeare. Han begins to read one of them and discovers some painful resemblances with his home-situation. When a stepfather replaces his father, the resembling with the story is complete. Like Shakespeare's Hamlet, Han begins to plot to murder his stepfather. After a failed attempt, Han realises that he has gone too far and decides to never let his imagination take over again. But soon enough his imagination takes the upper hand again, but this time it won't be a happy ending.</p> <p><b>IRN VHS 14 f 6G</b></p> <p><b>POL VHS 9 f 5B</b></p> <p><b>ESP VHS 30 f 5S</b><br/>What is it that, at a given moment in time, makes memories more important than real life?</p> <p><b>CZE VHS 12 f 6B</b></p> |
